<p>Access to next level of education/professions The study course Junior military officer prepares for a career with the Defence organisation. After completing the study course, the Junior military officer generally transfers to the Royal Netherlands Army or the Navy. The positions he may end up in are very wide ranging, from operational positions through to technical and logistic positions. Following appointment, the senior secondary vocational education diploma Junior military officer grants access to the military non-commissioned officer training where non-commissioned officers complete their further military training. He will then follow part of general military training/basic training and (part of) specialist training. The non-commissioned officer can advance to the position of sergeant (1st class), sergeant-major and warrant officer. Outstanding non-commissioned officers can also transfer to the highest non-commissioned officer's level: chief warrant officer or certain officers ranks. The Junior military officer can transfer to study courses such as Security coordinator, Enforcer surveillance and security, Sport and exercise coordinator or to various Supervisor position study courses (for example construction).</p>	<p>International agreements Junior military officer is not a regulated profession in the Netherlands. However, the education and training for this profession on qualification level 3 is regulated under the European directive 2005/36/EC, amended by directive 2013/55/EU. The regulated education and training gives access to regulated professions at the level of a diploma according to article 11 of this directive.</p>																				
<p>Legal basis Act on Vocational Education and Training (WEB), registered number of qualification (crebo): 25600 The education and training for this qualification is offered as of 01-08-2019.</p>																					

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Senior secondary vocational education features two learning pathways: the school-based pathway (bol) and the training on the job pathway (bbl).
In the school-based pathway, the majority of the course consists of theory at school. The extent of the practical component (vocational practice) is between 20% and 60%. In the training on the job pathway, the extent of vocational practice is at least 60% of the course. The participant works four days a week in a training company, and attends school for theory subjects just one day a week.
In principle it is possible to follow both learning pathways, but which pathway is offered will depend on the individual educational institution.

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

Average duration of the education/ training leading to the certificate	3 years (4800 study hours) (depending on previous education)
---	---

Entry requirements

The certificate preparatory vocational secondary education (vmbo) advanced vocational programme, combined programme, or theoretical programme, or a comparable level.

7. ADDITIONAL INFORMATION

Dutch senior secondary VET is based on qualification files, that each contain one or more qualifications. The information included in part 3 and 4 is derived directly from the qualification file determined by the Minister of Education, Culture and Science. The complete qualification file can be found at kwalificaties.s-bb.nl, only in Dutch.

Optional subjects are linked to the qualification. The optional subjects have a total size of 15% of the course duration. The optional subjects completed by the student are listed on the certificate.

Additional information, including a description of the Dutch national qualifications system, is available at the Netherlands National Reference Point (NRP): www.s-bb.nl. The NRP is the information centre for vocational qualifications in the Netherlands. SBB has been appointed in this capacity by the Ministry of Education, Culture and Science.
