

1. TITLE OF THE CERTIFICATE (NL)

Diploma Beroepsonderwijs
Kwalificatie: Commercieel technicus engineering
Kwalificatiedossier: Engineering

In the original language

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

Certificate Senior Secondary Vocational Education
Qualification: Commercial technician engineering
Qualification file: Engineering

This translation has no legal status

3. PROFILE OF SKILLS AND COMPETENCES

Core task 1: Designs products or systems

- 1.1 Collects and processes design data
- 1.2 Elaborates designs
- 1.3 Chooses (durable) materials and parts
- 1.4 Makes a cost calculation

Core task 2: Supervises work

- 2.1 Supervises the work process
- 2.2 Monitors budget
- 2.3 Performs quality checks

Core task 3: Performs commercial tasks

- 3.1 Makes proposals for commercial policy
- 3.2 Maintains contacts with clients
- 3.3 Manages the supply

1	very poor																				
<p>Access to next level of education/professions With a certificate at qualification level 4, transfer is possible to higher professional education. For example to technical/natural science courses such as mechanical engineering, electrical engineering, technical business studies, industrial product design or a course of studies focused more on automation and ICT. The starting professional practitioner can advance within the various fields of engineering to the following positions: a managerial position, project leader, designer, a commercial position or entrepreneur. A fully qualified professional can also switch to a position in a different context, based on work experience.</p>	<p>International agreements Commercial technician engineering is not a regulated profession in the Netherlands. However, the education and training for this profession on qualification level 4 is regulated under the European directive 2005/36/EC, amended by directive 2013/55/EU. The regulated education and training gives access to regulated professions at the level of a diploma according to article 11 of this directive.</p>																				
<p>Legal basis Act on Vocational Education and Training (WEB), registered number of qualification (crebo): 25920 The education and training for this qualification is offered as of 01-08-2023.</p>																					

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

<p>Senior secondary vocational education features two learning pathways: the school-based pathway (bol) and the training on the job pathway (bbl). In the school-based pathway, the majority of the course consists of theory at school. The extent of the practical component (vocational practice) is between 20% and 60%. In the training on the job pathway, the extent of vocational practice is at least 60% of the course. The participant works four days a week in a training company, and attends school for theory subjects just one day a week. In principle it is possible to follow both learning pathways, but which pathway is offered will depend on the individual educational institution.</p>	
<p>Average duration of the education/ training leading to the certificate</p>	<p>3 years (4800 study hours) (depending on previous education)</p>
<p>Entry requirements The certificate preparatory vocational secondary education (vmbo) advanced vocational programme, combined programme, or theoretical programme, or a comparable level.</p>	

7. ADDITIONAL INFORMATION

<p>Dutch senior secondary VET is based on qualification files, that each contain one or more qualifications. The information included in part 3 and 4 is derived directly from the qualification file determined by the Minister of Education, Culture and Science. The complete qualification file can be found at kwalificaties.s-bb.nl, only in Dutch.</p> <p>Optional subjects are linked to the qualification. The optional subjects have a total size of 15% of the course duration. The optional subjects completed by the student are listed on the certificate.</p> <p>Additional information, including a description of the Dutch national qualifications system, is available at the Netherlands National Reference Point (NRP): www.s-bb.nl. The NRP is the information centre for vocational qualifications in the Netherlands. SBB has been appointed in this capacity by the Ministry of Education, Culture and Science.</p>
